

Black GRiP Step with Handrails

STANDARD

FEATURES

- Step height: 4.5" (114mm), can be made bespoke to a minimum of 2.5" (63.5mm) if required
- Step length: 35½in (900mm)
- Step width: 16in (400mm)
- Handrail height: up to 35½in (900mm)
- Robust, corrosion-resistant, Galvanised and powder coated black
- Slip-resistant GRP open mesh surface
- Integral mid-rail for additional safety
- Warm-to-the-touch handgrip sleeving
- Can be screw-fixed in place if required
- Supports loads up to 188st (1199kg)

GRiP steps with handrails from Ramps For Access reduce the risk of trips and falls when negotiating high external doorsteps. Positioned in front of the doorstep, they reduce a large step into two much smaller steps, helping to make it safer.

Corrosion and slip resistant, our half steps with handrails are available in two sizes, standard and large. Handrails are height-adjustable and incorporate warm-to-the-touch handgrip sleeving. They will suit people of all heights and weights and no additional ground works are required.

Simple to install and remove, the half steps with handrails from Ramps For Access minimise disruption to the home. They're also easy to store and refurbish for reuse, helping budgets go further and making them more environmentally friendly.
